Dear Veronica Li,

I am writing to express my keen interest in the Blockchain Integration Engineer position at Hyphen Connect Limited. With my extensive experience in blockchain development and integration, I am confident that I possess the skills and expertise to excel in this role.

Throughout my career, I have consistently demonstrated my proficiency in blockchain technologies. At IOTA Foundation, I played a pivotal role in developing the TLIP platform, utilizing Typescript, Nodejs, and React. My contributions included creating unit tests, gathering user requirements, and setting up monitoring tools.

Furthermore, my experience at Hypely involved developing a custom smart contract using Solidity and deploying it to the Polygon network. I also implemented account abstraction using BitGo and Alchemy, significantly enhancing user experience.

I am particularly drawn to Hyphen Connect Limited's mission of building a robust and secure blockchain infrastructure. Your commitment to value extraction and cross-chain interoperability aligns perfectly with my own interests and aspirations.

My passion for blockchain technology stems from its transformative potential to revolutionize industries and empower individuals. I am eager to contribute my skills to your team and drive innovation in this rapidly evolving field.

I am confident that my technical expertise, coupled with my enthusiasm for blockchain, make me an ideal candidate for this role. I am eager to learn more about Hyphen Connect Limited and how I can contribute to your success.

Thank you for your time and consideration. I look forward to the opportunity to discuss my qualifications further and demonstrate how I can add value to your organization.

Sincerely,

Peter Okwara
